DEPARTMENT

On Friday, February 1, 1985, I received a call that there had been a diesel spill at the Derby Station at 3899 W. Chestnut Expressway. When I arrived, the Fire Department said that a truck driver from Bob's Scrap Metal Processing, 3241 W. Division, was filling his saddle tanks when the nozzle came out, spilling approximately 70 gallons of diesel fuel onto the lot. I advised Mr. Jack Stallings, the station manager of Derby, to report the spill to the Department of Natural Resources and the U.S.E.P.A. The service center put two loads of sawdust down on the spill and it was contained on the lot.
